

REMEMBER P.L.A.Y?!

Christine McLean (PhD.Student Early Learning) has been involved in the early childhood and child care community in Newfoundland and Labrador since 1988. She has worked as a childcare provider, instructor, Registrar of Child Care Services, Program consultant for the Provincial Government. Currently, Christine is the manager of the Early Childhood Education program of the College of the North Atlantic.

Do you remember being told to 'go outside and play' for hours at a time with little or no adult supervision? Contrast that to today's children who spend hours in front of a screen or in adult directed activities. Christine will describe the importance of play and ways that we can encourage children to play like we did in the olden' days, only with fewer cuts and bruises!
