Partner Group Questions:

To: Anita Richardson, Cindy Heitman, Tim Bennett, Kelly Johansen, Karen Wong, Joanne Hapke

1. Duchess Park's enrollment in September is 1,000 students which is 100 students above capacity. With COVID-19, unless there is a vaccine, the school cannot realistically operate as usual. Since there is no land available to add portable units, is there a plan yet? Are shifts an option to reduce school occupancy and overcrowding? Or, and this feels like a forever question with that school, look at catchment again?
2. There has been a recent Principal shuffle and additions to the Learning Innovations department - could we get some update/clarification on this please?
